Bible Point: Be prepared to tell others about Jesus.

Key Verse: Preach the Word; be prepared in season and out of season. - 2 Timothy 4:2

Paul shared the good news about Jesus with a woman named Lydia. We need to be prepared, just as Paul was, to tell others about Jesus (Acts 16:9-15). Strengthen your family's faith learning and growth at home with this easy idea:

1. Share about your own experience of telling someone about Jesus. What happened? How have others in your family tried to tell people about Jesus? If no one in your family has tried, discuss what kinds of things you might share with someone about Jesus.
2. Then think about someone you know who needs to hear about who Jesus is and what Jesus has done. Talk with your kids about what you could say that would be important to that person.
3. As a family, commit to telling that person what you know about Jesus.

PRAYER

God, teach us more about You so we can tell others about who You are and what You've done. Help us to always be ready to share the good news about Jesus. In Jesus' name, amen.
